PRODUCT OBSOLESCENCE ANNOUNCEMENT

Due to diminished demand, and availability of functionally equivalent products offered, MSP will no longer provide feed-thru hardware on closed back terminal block lines. The following series are affected:

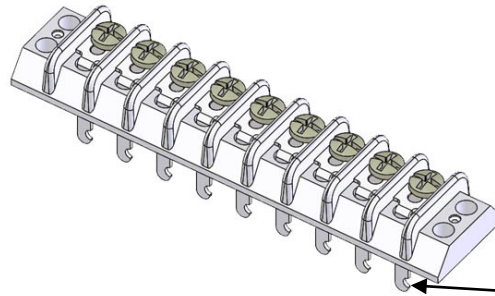

- 670A GP (100 series)
- 670A RZ
- 671 GP (200 series)
- 621 RZ
- 672 GP (300 series)
- 672 RZ
- 400 series

Closed back terminal block.
(Drilled out for feed-thru hardware)

Hardware Options Obsolete:

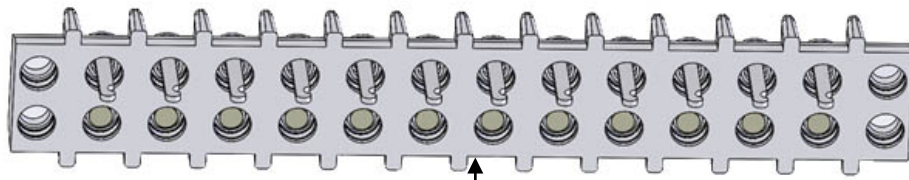

- Y
- YSY
- 3000
- 4000
- L
- LWW
- LSL

Feed-thru option

Feed-thru hardware options **will still be available on our open-back terminal blocks**. Series with available feed-thru hardware:

- 600A
- 601
- 602
- 603

Open back terminal block feed-thru options will still be available.

This change is to take place on December 31st 2016. Any order for product after January 1st, 2017, is subject to review and may be rejected should we not have the necessary components to complete the order.

Feel free to e-mail or call with any questions about this change.

Kind regards,

Lisa Laberdee
