SUBJECT: PRODUCT CHANGE NOTIFICATION – 100-600Amp, Class J&T Fuse Holders

Marathon Special Products is announcing a minor change to our **100-600Amp, Class J&T Fuse Holders**. This product change is due to new tooling needed to maintain the product line, manufacture it more efficiently, as well as utilize a sustainable/recyclable material for the insulator base. This will be a running change that has no effect on part numbers or agency certification. These changes will only affect the part numbers noted below. The changes are as follows:

	Old Version	New Version
Insulator Material	Laminated General Purpose Phenolic	Thermoplastic, Glass filled Polycarbonate
Insulator RTI Rating	130°C	125°C
Insulator Surface Finish	Dull top/bottom, rough cut side edges	Flat/matte
Recyclable/Sustainable Materials	No	Yes
Weight	Baseline existing models	23% reduction (average)
Modularity (ability to snap together single poles)	No	Yes
3-Pole Construction (where applicable)	Single Piece	Modular, Interference fit of 3-single poles
Depth (for all models)	Baseline existing models	.27" increase +/- .06
Width (for all models)	Baseline existing models	.11" increase +/- .06
Height	Same	
Mounting Locations	Same	
Other Component Materials	Same	
Catalog Numbers	Same	
UL File Numbers	Same	

**This will be a running change with no variance to the part numbers or ratings.**

It is estimated that these product changes will occur **around the dates noted in the table below**, but could vary considerably depending on when inventories of the existing design are depleted.
