## **Marathon Special Products launches 1500V Photovoltaic Fuse Holder designed to terminate to standard bus bar**

BOWLING GREEN, OHIO – Marathon Special Products, a division of Regal Beloit Corporation, is proud to announce an addition to our line of fuse holders. This photovoltaic fuse holder is uniquely designed with terminals to accept standard bus bar as opposed to fabricated custom bars. The ability to use standard bus bar enables system integrators to significantly reduce the amount of copper bar purchased, bus bar fabrication, engineering and assembly time.

The PV15BW will have UL4248-18 conformance up to 1500 volts and 30 amps, with terminals evaluated for use with 90°C wire. This design allows it to run cooler than traditional designs. In addition to the fuse holder's natural bus bar enclosing design, side covers are available for additional protection.

For more information, please call 419-373-4213 or email [marketing@marathonsp.com](mailto:marketing@marathonsp.com).

### **About Marathon Special Products:**

Marathon Special Products, a division of Regal Beloit Corporation, is headquartered in Bowling Green, Ohio, and has been an industry leader in electrical/electronic components designed for circuit protection and connection applications for over 70 years. Our product offering includes fuse holders, power distribution blocks, touch proof power blocks, single and double row terminal blocks, heavy duty terminal blocks, NEMA and DIN sectional terminal blocks. For more information, please contact the company by phone at (419) 352-8441 or visit <http://www.marathonsp.com/>.

Regal Beloit Corporation (NYSE:RBC) is a leading global manufacturer of innovative and efficient solutions for motion control, air flow and power generation. Headquartered in Beloit, Wisconsin, the company serves customers from its facilities located in the United States, Canada, Mexico, South America, Europe, South Africa, Asia and Asia Pacific. The company's common stock is a component of the S & P Mid Cap 400 Index and the Russell 2000 Index.
