## PRODUCT OBSOLESCENCE ANNOUNCEMENT

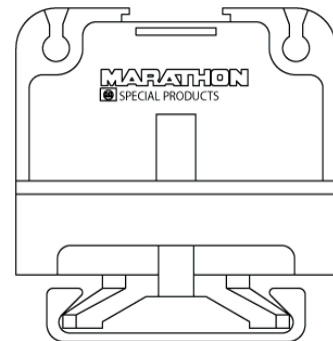

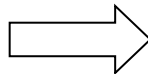

Due to reduced demand, Marathon Special Products is eliminating the 6H12 TSCU C, 1/2" Sectional Terminal Block channel mount. We will also be obsoleting the 6H12 E C end section for channel mount blocking from our product offering, both effective November 1, 2019.

### 6H12 TSCU C

TS: Tubular Screw

### 6H12 E C (End Section)

We will continue to offer the 1/2" sectional for flat mount block (6H12 TSCU F). Any order for the 1/2" Tubular screw for channel mount Sectional Terminal Block as well as the 6H12 E C end section must be received by November 1, 2019. Feel free to email or reach out to me with any questions or concerns you may have in regards to this change.

Thank You,
